

CHARLESTOWN HERITAGE AND HISTORIC COMMISSION
MINUTES - JUNE 2014

All committee members in attendance.

Minutes of May meeting approved.

Treasurer's report – no May information was received from town treasurer.

Bench project - Dr. Caloris wants a bench on his bldg property at the north end of Main St. Unitarian Church also wants a bench. Wes spoke with John Kalfelz, District Engineer, Highway Maintenance, State of NH about a bench being put on the triangle in front of the West house. He seemed agreeable to it. We will wait for the go ahead. Wes will write up agreement letters for the property owners.

We discussed the wording for a plaque to be placed in South Charlestown. The option of placing it near the Putnam Bros. sign was discussed.

Lists of the Heritage and Historic District Commissions in NH were passed out and we will all investigate to see who has one online or would be willing to send us a copy of their manual. The town should be comparable with Charlestown. **We will have an extra meeting on August 7, Thursday @ 7:00pm to discuss what we have found out.**

We need to update the National Register Lists for Charlestown and North Charlestown. Sue Coleman will take photos of the houses on the list in Charlestown. Joyce Higgins will take pictures of North Charlestown.

Next meeting is July 22, 2014

Submitted by Sue Coleman
